# ALLERGEN INFORMATION

**Allergen Information:** Please note that due to the nature of our menu items and the variety of procedures in our kitchens, cross-contamination of ingredients, including gluten, is a possibility. Although we have gluten-free items we are not a gluten-free establishment. We ask that when placing your order you alert your server and the manager on duty to your food or beverage allergy or sensitivity. The more information relating to your specific needs you can provide, the better we can attempt to protect you. We will then try our best to avoid any accidental cross-contact, but we do not have separate equipment dedicated for the preparation of allergen based food requests. All food in our establishment may come into contact with surfaces, fryers, grills, utensils or other equipment that have previously contacted an allergen. Finally, it is a good idea to remind your server about your request when your food arrives at the table in order to confirm that you are receiving the correct dish.

**Note:** *Lucille's is not a gluten-free establishment.*
